Ifeoma Okafor

Expertise

I am a detail-oriented, organized and meticulous individual who works at fast pace to meet tight deadlines.

A driven web developer skilled in team collaboration to formulate and conceptualize corporate web presence.

One who is not scared to embrace challenging projects requiring detailed coding changes, search engine-related considerations and security.

Integrating the knowledge of visual arts to develop functional, appealing, custom-made web products and services.

Experience

2021-2022/ Femcode Africa / Benin City

Front-End Web Development Training Experience

- Improved and expanded project platforms using JavaScript to develop rich User Interfaces.
- Collaborated with project managers to deliver valuable features meeting business and customer needs.

2022 Ada Software Engineering Internship / Benin City

Front-End Web Development Programme

- Successfully identified, diagnosed and fixed website problems including broken links, typographical errors and formatting issues.
- Coded websites using HTML, CSS, JavaScript, Typescript, React and Nodejs
- Built and styled web-friendly websites
- Helped to achieve a consistent look and visual theme across the website by promoting uniform fonts, formatting, images and layout

September – December 2022/ Shulioo Africa / Benin City

Front-End Web Developer Intern

- Worked as a productive positive team member to design, code, test, report and debug operations.
- Design mobile-based features
- Collaborate with back-end developers and web designers to improve usability
- Ensure high quality graphic standards and brand consistency

2022/ She Code Africa / Lagos City

Front-End Web Developer Mentor

- As a front-end developer mentor, I help other developers improve their front-end skills by building projects and solving HTML, CSS and JavaScript challenges.
